Re Application for connection to Leabeg-Leamore GWS

Dear Mr Cassidy,

The committee of the water scheme has considered your application for a water connection to supply a canteen at your proposed development in Lumcloon. The scheme is willing to provide such a connection, provided other arrangements are made for toilets, washing and other non food related water use.

The connection will be subject to a connection fee, payable in advance.

We wish you well in your proposed development.

Yours sincerely,

Tony Garahy  
Hon Sec -Leabeg-Leamore Group Water scheme
